Dear Mr. Livett

Thank you for your letter of 13 October 2011 and for the petition backed by the citizens' signatures concerning periodic technical inspections for motorcycles.

As you know, the Commission services are currently working on the revision of the EU roadworthiness legislation following the Policy Orientation on Road Safety 2011-2020 adopted by the Commission in July 2010.

The Commission services will come back to you when this work has been completed.

Yours sincerely,

Siim Kallas
